

## **WASN'T THAT A TIME**

Wasn't that a time? Dancing cross the line  
Wasn't that a time? You were just divine  
Wasn't that a time? Old memories blow my mind  
My heart'll be there always...

Wasn't that a time? Rode it off the rails  
Wasn't that a time? Lived to tell the tale  
Wasn't that a time? Old memories blow my mind  
My heart'll be there always ....  
Wasn't that a time?

Wasn't that a time? Best I ever had  
Wasn't that a time? Good guys beat the bad  
Wasn't that a time? My thoughts are with you now  
My heart'll be there always.....

Wasn't that a time? Ain't that the truth  
Wasn't that a time? Nothin without you  
Wasn't that a time? Old memories blow my mind  
My heart'll be there always ... always...  
Wasn't that a time?

## **DON'T WORRY 'BOUT BOB**

Don't worry bout Bob  
He's just goin through a rutting phase  
Till he figures out you aint that hot  
It could be the source of some malaise  
But don't worry bout Bob  
It aint nothin that a kick don't fix  
Everybody's got to get their kicks

Don't worry bout Bob  
He's been crazy since the high school days  
Late november at a football game  
Dropped a little too much purple haze  
But don't worry bout Bob  
It aint nothin that a kick don't fix  
Everybody's got to get their kicks

We been brothers since the seventh grade  
Where you gonna find a friend like that  
Bloody fingers in the pact we made  
You know i'm gonna have his back  
It's much more than a job  
Don't worry bout Bob

Don't worry bout Bob  
He's been carryin some heavy shit  
New suspension aint the half of it  
Probably have to get a whole refit  
But don't worry bout Bob  
It aint nothin that a kick don't fix  
Everybody's got to get their kicks  
Don't worry bout Bob

## **6 FOOT LADDER**

Oh where oh where is my 6 ft ladder?

I cannot find my 6 ft ladder

I cannot climb up any higher

Till i can find my 6 ft ladder

I know i had it yesterday

Then my new neighbor came by to say

A tree came down and my house is shattered

I sure could use a 6 ft ladder

Now it's gone gone ...

From worse to badder

I can not find my 6 ft ladder

Oh where oh where is my 6 ft ladder?

I cannot find my 6 ft ladder

I cannot climb up any higher

Till i can find my 6 ft ladder

Oh when i die and they lay me down

That hole is 6 ft in the ground

But i will climb out and it will not matter

If i can find my 6 ft ladder

Lord help me find my 6 ft ladder

I got to find my 6 ft ladder

## **WHEN YOU COME INTO THE WORLD**

When you come into the world, You don't know where you been  
Don't know who you are now, Ain't got any friends  
When you come into the world And start crawling around  
You spend a lot of time watching, A lot of crazy things go down

When you come into the world, You don't know what it is  
When you come into the world, It's a slap and a kiss  
When you come into the world, It's a real wild ride  
And you get worn out, Comin' down mama's little water slide

When you come into the world, Everybody is a stranger  
You're in your mother's arms, You got no sense of danger  
You come into the world, You don't know how to hate  
But you know how to love naturally, Comin' right out of the gate

When you come into the world, You don't know what to think  
When you come into the world, You could sure use a drink  
When you come into the world,  
When they stick a nipple in your mouth, man  
You know you got the damn game beat

When you come into the world, There's a lot you're gonna see  
When you come into the world, It's all waitin' to be  
When you come into the world, You've got a long way to go  
But when you come into the world  
Nobody can tell you i told you so  
When you come into the world, You got a lifetime to go  
But when you come into the world nobody  
Can tell you I told you so

## **MAYBE IT'S OLD FASHIONED**

She makes me happy when i get blue  
She's my kick starter when i don't know what i should do  
Maybe it's old fashioned to sing this kind of song  
But this old fashioned guy  
Can sing about this girl all night long

She's one in a million, like that old cliché  
And it's one in a billion i get the chance to feel this way  
Maybe it's old fashioned to sing this kind of song  
But this old fashioned guy  
Could sing about my girl all night long

And when i can't remember  
How to be the man i really want to be  
She'll make me laugh and she look me in the eyes  
And tell me i'm the only man she ever needs me to be

She's got a wicked sense of humour, and man it can burn  
She's the life of my party and she can make my insides churn  
Maybe it's old fashioned to sing this kind of song  
But this old fashioned guy  
Could sing about my girl all night long

She makes me happy when i get blue  
She's my kick starter when i don't know what i should do  
Maybe it's old fashioned to sing this kind of song  
But this old fashioned guy  
Can sing about this girl all night long

## **PLAYIN' IT COOL**

The girl looked so good, bound to be trouble  
Daddy's away, Mama's blowin bubbles  
Alright for bubbles, He's cleanin the pool  
He looks at the girl, She's clearly a jewel

But...He's playin it cool  
Everything quiet as it should be  
He's playin it cool  
Nothin is quite what it could be  
But he's nobody's fool

Bubbles said nothin, he came and went  
Never screwed up, the good employment  
Never forgot the girl's face that day  
Couldn't believe it when she ran away  
Workin for her mama gets a bit hard  
Service expected, Pool and the yard  
Man's gonna dream of a girl he knew  
Havin' a dream gonna get you through

He's playin it cool  
Everything's quiet as it should be  
He's playin it cool  
Nothin is quite what it could be  
But he's nobody's fool

20 Years later he's cleanin the pool  
Keep a good job, You know the rules  
Then mother moves on, daughter's movin in  
He can't believe she's back again  
From the day she arrived  
And introduced her daughters  
Bubbles could see  
He was ripe for the slaughter  
No use denying what's in his head  
This time surely gonna leave him dead

But... He's playin it cool  
Everything's quiet as it should be  
Playin it cool  
Future as bright as it could be  
He ain't nobody's fool

## **THAT'S HOW IT IS AROUND HERE**

Pressure is dropping  
River is rising  
Lucky man'll hook a fish  
Old duck cotton holding up the bank  
Prayer hangin on to a wish

Ya hope and pray for a brighter day  
Sky is bound to clear  
That's how it is around here  
It ain't much to see but it's home to me  
I couldn't trade it for anywhere  
That's how it is  
That's how it is around here

Granny bought the farm back in nineteen seven  
tilled it with a one horse plough  
Covered in weeds and old junked cars  
Don't pay to be a farmer now  
Shady speculators try to grab it cheap  
They blow in with the hurricanes  
(But the) blood in the river runs way too deep  
They're gone with the wind and rain

Maybe i'm crazy for stickin' it out  
No place i'd wanna go  
We bake in the sun when the rain stops fallin'  
Cerveza on ice from mexico  
Rain comes down .. River comes up  
Water gettin higher every year  
We been here a while,man ...We know the style  
That's how it is around here  
Repeat chorus

## **GOIN DOWN THAT ROAD**

Goin down that road

Goin down that road

Goin down that road

Goin down that road etc

Comin' to the bridge

Over high water

The river's deep and that water's cold

But i'm all right (all right)

Up here above it (all right)

Goin down that road
